Professional Experience

VSP – Eye Doctor’s Optical Outlets

Tampa, FL – In Person

IT Support Specialist

Mar 2025 – Present

- Deliver Tier II technical support across retail, laboratory, and corporate environments via phone, email, and Zendesk ticketing, consistently meeting SLAs: resolving 150+ tickets per month.
- Administer user identity and access management in Active Directory, including account provisioning, permissions, password resets, and access troubleshooting.
- Provision, maintain, and troubleshoot Hyper-V virtual machines supporting cross-departmental workflows across retail, laboratory, and corporate environments.
- Manage device lifecycles through Microsoft Intune, including device enrollment, compliance policies, and endpoint troubleshooting across 60+ locations.
- Administer and monitor endpoints organization-wide using NinjaOne RMM, supporting remote device management, patching, and real-time visibility across 3,500+ users.
- Configure and maintain endpoint security using CrowdStrike antivirus policies across retail, laboratory, and corporate offices.
- Led deployment of iPad-based kiosk and mobile solutions supporting EHR workflows, enabling patient questionnaire intake and clinician chart access, improving operational efficiency.

Extracurricular Experience & Projects

TripCanvas

Tampa, FL - Hybrid

UX Designer & Researcher

Jan 2025 - Apr 2025

- Led end-to-end UX research for a travel itinerary app, conducting user interviews and synthesizing findings into an affinity map that identified core pain points.
- Redesigned navigation structure and simplified itinerary creation flow based on research insights, reducing task completion steps and aligning experience with user mental models.
- Conducted multiple usability testing rounds that surfaced friction points leading to two major flow revisions.
- Developed an interactive Figma prototype with 15+ user flows, demonstrating key features to stakeholders.
